How do I get an official certified copy of my GED scores?

The State GED Office is the only office that can issue an official GED transcript of scores earned on the Ohio GED. To print a copy of the form needed to request a transcript, use the left navigation bar to return to the General Educational Development (GED) page and then click on *Official GED Transcripts Available Upon Written Request*. After completing this form, applicants must attach the proper payment amount (money orders only) and send both items to the address shown on the form.

What are the office hours for the State GED office?

Ohio's GED office is open Monday through Friday, from 8:00 a.m. to 4:30 p.m. The office is closed on state holidays.

Still have questions about the Ohio GED?
