

## **Interest-free Lending for:**

### **Education Loan**

Addresses the gap that is often needed in order to pursue undergraduate, graduate, vocational and technical schools. This burden often comes between the student attending or finishing their education. These loans are need-based.

### **Standard Loan**

Addresses the unexpected financial challenges that people who are unable to access traditional financing face. Many people do not have access to funds when financial challenges occur. These situations can include home and car repairs, high-interest debt, emergency funerals, falling behind on bills and more.

### **Business Loan**

Addresses small businesses and start-ups need for capital when traditional lenders are unwilling to take on the risk.
